GM REPORT AND GENERAL DISCUSSION

Youth programming Grant reported that PV High School students in the Media Arts Program have submitted six new segments of their reporting on mental health issues. Grant said he would meet with staff to determine when to air these segments.

Open air shifts Grant reported that no proposals have been received for the open 1-3pm shift on alternate Sundays. Steve suggested Robert move his show, String Theory, to that spot. Robert agreed to submit a proposal and offered to substitute for the open air shift until a proposal is approved. Chris Nelson joined the meeting in time for this discussion.

Copyright and Fair Use policies Grant said he had gathered together source documents and would make them available to PC members.

Programmer self evaluation Changes to the current document were suggested. Grant said he would incorporate the suggested edits into a revised document and bring it back to the PC at the next meeting. Nancy volunteered to translate the final document into Spanish.

Recent developments/updates Grant reported that Megan Hammer has graduated from CSU Chico and has resigned as KZFR's Production Assistant. The position has been filled by Mark Baker. Steve said Megan's voice provided an important gender balance in KZFR announcements and said the station should strive to maintain that balance in the future.
