341 Broadway, Suite 411
PO Box 3173
Chico, CA 95927

KZFR Program Committee Meeting Agenda **Thursday, 15 October 2026, 5:00 p.m.**

Zoom link: <https://us02web.zoom.us/jc/82478312430>

Meeting ID: 824 7831 2430

Passcode: 674750

Meeting Opening

- Call to Order
- Amend/approve agenda
- Review/approve previous meeting minutes
- Public Comments

ACTION ITEMS

- None.

GM REPORT AND GENERAL DISCUSSION

Old Business:

- Smiley and Lars started the new schedule on Friday, October 9, 2026. Lars is broadcasting "Dinosaur Hour" 6:00p-8:30p and Smiley is broadcasting "Cultural Roots of Aztlan" 8:30pm-11:00pm.
- PC is waiting on confirmation from Jackie Powers about moving her program, "Exposure Therapy", to the 2nd & 4th Fridays 11pm-1am.

New Business:

- Zephyr News is interested in moving their program from Thursdays at 7pm to Fridays at 11:30am. This would allow more time to produce coverage of City Council/Board of Supervisors meetings, better production turnaround, and allow more time for editing.
- Review KZFR Bylaws and Program Committee attendance policy. From the KZFR Bylaws (Article 6, Section 3): "A member of the Program Committee shall be removed from the committee for excessive absences. Excessive absences shall consist of missing more than 25% of regular meetings in a single fiscal year. Removal from committee for excessive absences shall not require a vote of the Board of Directors."

Comments on Current Programming

None.

Meeting Finalization

- Review actions to be taken
- Items for agenda of next meeting
- Confirm date for next meeting – Thursday, 19 November, 2026

Adjourn

Text of Public Comments

From Julian Mendoza on 28 September 2026 via Google Public Comments page:

Hello. I wanted to bring up the idea of a "No AI" policy at KZFR. We are community radio and I don't want our listeners to second guess whether or not our programming was done using AI. I am not certain but I think some of the work I have done with the KZFR history project. (Namely the graphics) were rendered with AI image generators. If the station or a programmer has or wants to use AI, there should at the very least be a disclaimer that something is created with AI. But I would prefer we just don't use it at all since we are all artist of some kind at the station. AI is a large talking point right now. I think it should be discussed, but having our staff or designers use it on program or KZFR related materials should be discouraged.
