It was also agreed that no disciplinary action whatsoever should or need be taken against Kevin.

GM REPORT AND GENERAL DISCUSSION

- Programmer Self-Evaluations are part of the Programmer Recertification Process to be conducted once every three years. These evaluations will help the PC more clearly formulate the criteria for the Recertification Test. PC members should listen to a minimum of 20 minutes of the programmer's audio submissions. It was agreed that PC members will review Programmer's Self-Evaluations by the next PC meeting. Details of how to use the spreadsheet were clarified.

Comments on current programming

- Fresh Hop Cinema has been moved to Saturdays 4–5pm, and What's The Frequency, Kenneth? Is now airing Thursdays 5–6pm.
- Marci praised the godness of programmers we have at the station. Rob sent kudos to Clay Ellington for his ability to sub for so many music shows.
- Grant informed the PC that he and Mark Baker have begun the implementation of Rivendell Open Source Radio Automation here at the station which will facilitate the automation of prerecorded shows.
- Rob suggested that the station eventually use Rivendell to broadcast only local programming 24/7.
