Correspondence and Public Comments:

- Listener commented that most African American artists we play on the station are dead. BOD President Rob Davidson advised listener that, while we do play many African American artists from years past (e.g., blues singers on programs like Blues Bayou), Rob directed the listener to our many programs that play modern African American artists who are alive and well and still performing.

Updates/Changes to Programmer's Handbook per recent BDO approvals of policy. All agreed it was a good idea to add updated matrix to the Handbook. Ann suggested that we should note and keep track of where we keep such updated documents.

New Programmer Orientation. The first orientation will be held by Grant (and possibly one other PC member) in person on Monday, 9/26/2022. Grant reported that he has been in discussion with youth programmer Ginger Nichols (Radio Active) about recruiting new youth programmers.
